

Size Is Relative

Log onto a computer. Start → Programs → Google Earth.

Your task today will be to compare and contrast the relative size of things throughout the world. Below is a data sheet for you to record your findings.

Using the Google Earth search panel (Fly To tab) and the measure tool, locate the following and record the actual size and then compare / contrast. Report any additional data you find as well (points of interest, facts and figures, etc.)

Object / Landmark 1	Object / Landmark 2	Observations	Other Data
RMS Queen Mary	Any Football Field		
Feet _____	Feet _____		
Meters _____	Meters _____		
Miles _____	Miles _____		
Object / Landmark 1	Object / Landmark 2	Observations	Other Data
Stonehenge	Any Baseball Field		
Feet _____	Feet _____		
Meters _____	Meters _____		
Miles _____	Miles _____		
Object / Landmark 1	Object / Landmark 2	Observations	Other Data
Kauai, Hawaii	Yellowstone Park		
Feet _____	Feet _____		
Meters _____	Meters _____		
Miles _____	Miles _____
